The K mart Story...

It started back in 1899 with Sebastian Kresge and a nickel-and-dime store that never sacrificed quality for price, but always came through with a bargain. Kresge's policy of “Satisfaction Always” became the foundation of a business that grew, and grew, and grew! In 1962, from those hundreds of Kresge's stores, a new concept evolved...and the first K mart discount store was opened. With the same high quality—plus lower-than-ever, discount prices—and savings in dollars, not dimes! There were other discount stores, but none quite like K mart...and the public soon caught on to the BIG K mart DIFFERENCE—Satisfaction Always! Today, more than 1,500 K mart stores in America pay tribute to Sebastian Kresge and his integrity to bring our customers savings, quality, and that original policy of satisfaction always, backed by sincerity and 80 years of tradition.
